Professional Profile

Multidisciplinary designer working at the intersection of design and art, focused on brand identity, editorial design, and art direction. My well-rounded training lets me approach every project from every angle, from concept to final production, managing it end-to-end, in both institutional and independent settings.

Work Experience

Graphic designer

Freelance · 2023 – Present

- Brand identity, visual design, album covers, and illustration for independent clients, managing the full process from brief to final delivery.
- Editorial design for artist dossiers and exhibition materials for Ruth Benzacar Gallery (outsourced project), coordinating timelines and requirements with the contracting studio.

Communications Intern

Universidad Torcuato Di Tella, Alumni & Philanthropic Community Department · March 2025 – Present

- Content creation and brand identity application for institutional social media.
- Responsible for the department's digital communications, maintaining brand consistency across all content.
